

## **Little Flower Staff**

### **Northern Ireland Curriculum**

#### **Staff Involvement**

##### **Jim McKeever, Little Flower Girls' School**

JIM MCKEEVER: We have a Profiles coordinator within the school, who works with the senior management team and the SIMS coordinator to coordinate the overall administration and management of the reporting system within the school.

Now she initially received training from C2K, and has very effectively cascaded that training to all members of staff during staff development days, and other staff development opportunities. In terms of how we panned out the report, we allowed individual teacher comments, comment banks and a mixture of free text and comments.
