

Occupational Studies Guidance

Example of Progression – Sixth Form at School

Stephen Cotton – Drumglass High School - Dungannon

Script:

At Drumglass High School we pride ourselves on being entrepreneurs in education, developing individual talent. It is not where you start that is important to us but what you can attain in the five or seven years here which is important. We offer a range of qualifications to suit individual needs both academic and vocational including Occupational Studies. Occupational Studies allow students to sample a variety of careers in years 11 and 12 which enable them to make informed decisions for their future careers. Occupational Studies qualifications enable students in Drumglass High School to access our sixth form and gain 'A' level equivalent qualifications leading to Higher Education for example, BTEC level 3 Subsidiary Diplomas in Creative Media, Engineering or Construction.
