Springvale Learning is a dynamic, innovative and creative vocational learning centre for adults and young people. It is now the largest community based learning provider in NI managing in excess of 1000 learners on a weekly basis, providing learning in joinery, electrical engineering, business, computer technology, digital media, hospitality and retail, in our state of the art and fully accessible facilities. At Springvale your Occupational Studies qualifications are a valued qualification in preparing you for progression to training and apprenticeships, and can count towards your entry requirements depending on the qualification you want to take. You can get more information on our website or by calling us.
