

The Big Picture of the Curriculum at Key Stage 4

* See the DENI website at www.deni.gov.uk for a list of approved courses at Key Stage 4. The full requirements for the Key Stage 4 Entitlement Framework will be phased in. From 2013 schools will be required to provide access to at least 18 courses – a third of these must be general and a third applied. This will increase to 21 courses by September 2014 and the full 24 by September 2015 (DENI, Circular no. 2012/09).
