

Circular S/IF/61/18

October 2018

To: The Head of Department - Home Economics

For circulation to: The Examinations Officer and All Teachers of GCE Nutrition and Food Science

GCE Nutrition & Food Science

Updated Specification

Please be advised that the Specification for GCE Nutrition & Food Science has been updated with the following amendments and can be accessed on the CCEA subject microsite.

Amendments:

- p16 - DARD amended to DAERA
- p20 - word counts amended for Conclusions & Recommendations (A2 2 Research Project) from 200 and 100 respectively to 150 for each section
- p33 - contact details amended
- p35 - A2 2 Research Project Assessment Criteria table: *research* now reads *engagement* and *objectives* is amended to *objective(s)*
- p38 - 4 marks for word count, referencing and bibliography to be distributed as per the published guidance document and as per CCEA Circular S/IF/64/17

These amendments ensure the specification is up-to-date and that there is consistency with the published Teacher & Student Guidance for the A2 2 Research Project (Internal Assessment).

The updated GCE Nutrition & Food Science Specification can be accessed on:

www.ccea.org.uk/food_nutrition/
