## GCE and GCSE Art and Design Visiting Moderation - Summer 2019

Please note that in Summer 2019, CCEA Art and Design moderators will not be permitted to provide verbal feedback to centres at their Moderation visit. In the interests of consistency moderators have been instructed not to give their feedback verbally.

The centre will be informed of whether or not they may be adjusted through the **Outcome of Centre Moderation Visit** form. Each centre will be asked by the moderator to sign and retain a copy of this form for each unit. For instructions in relation to re-moderation, please read the **Instructions to Teachers** booklets, which are available on the **Art and Design Microsite** under **Support**.

Further feedback will be given about:

1. Administration matters;
2. Suitability of tasks; and
3. Application of marking criteria;

via the TAC6 Centre Report, following the issue of results.
