

Circular S/IF/34/19

May 2019

To: The Principals of Post-primary Schools and Directors of Institutes of Further and Higher Education Colleges

For circulation to: The Head of the Technology and Design, Engineering, Manufacturing and Construction Department

Submission of Revised GCSE Engineering and Manufacturing Unit 1 Controlled Assessment - Design

Task and submission date

Centres are reminded that the Revised GCSE Engineering and Manufacturing unit 1 controlled assessment task **must** be submitted on Wednesday 1st of May 2019 and **must** be the task for submission in May 2019.

The task is located on the following link:

http://www.rewardinglearning.org.uk/common/includes/microsite_doc_link.aspx?docid=26378-2

Page limit and text size

Centres are reminded of the page limit in the revised GCSE Engineering and Manufacturing specification for the controlled assessment unit.

Students produce a portfolio with a maximum of 12 single-sided A3 pages or equivalent, outlining their analysis of the product with proposals for its design, development and production by an engineering and manufacturing company. All text must be font size 12. Headings should not exceed font size 16.

It is the teacher's responsibility to ensure that candidates do not exceed the page limits and abide by the instructions for the controlled assessment unit set out in the specification. If a candidate exceeds this page limit, moderators have been instructed to review only the first 12 pages.
