

# Circular S/IF/13/21

April 2021

---

**To:** The Principals of Post-primary Schools and Directors of Further and Higher Education Colleges

**For circulation to:** The Principal, Teachers of GCSE Statistics and The Examinations Officer

---

## GCSE Statistics Specification Update

Some minor amendments have been made to the GCSE Statistics specification. The updated version of the specification can be viewed on the GCSE Statistics area of the CCEA website <https://ccea.org.uk/key-stage-4/gcse/subjects/gcse-statistics-2017>

These amendments are as follows:

Page 11: Second bulleted learning outcome - 'Calculate and interpret' is no longer bold. This is to clarify that foundation tier students should be able to calculate and interpret simple index numbers.

Page 13: Tenth, thirteenth and fourteenth bulleted learning outcomes - Additional text to add clarity to learning outcomes.

This will be for first teaching September 2021

---
