

Circular S/IF/27/22

May 2022

To: The Examinations Officer

For circulation to: The Head of Department and All Teachers of Moving Image Arts

GCE/GCE Moving Image Arts Call for Entries – Showcase 2022

We would like to invite you to submit your entries for the Moving Image Arts Showcase 2022. We are currently exploring ways of facilitating the showcase this year for the first time since 2019. Whilst we cannot guarantee the events in Derry/Londonderry and Belfast will be exactly the same as in previous years, we do still intend to properly celebrate the best work at AS, A2 and GCSE level.

To help facilitate the selection of the winning films, we would be very grateful if you could submit entries as follows:

- select your top 3 films of the 2021/2022 academic year for AS Unit 1, A2 Unit 1 and GCSE Component 3 (i.e. a total of 9 films if you have delivered courses at all three levels*)
- *We will of course accept reduced length sequences as per the amended specification at GCE level. In instances where students have also created a whole film, this can be submitted alongside submission of the sequence put forward for assessment.
- *Please note that we are happy to receive any animated films in addition to the three films per level, as there is a dedicated screening category for animation.
- submit productions as movie files on a data DVD or pen drive as **uncompressed H264 .mov files**. The file resolution should match the resolution the film was originally shot in. **Playable DVDs will not be accepted.**
- please use a protective envelope/padding to prevent damage.
- **complete the attached application form**
- Please also submit all copyright and consent forms (if not already submitted to us as part of the moderation sample).

We strongly recommend that you retain original project files for all films that you enter into the showcase in case there are compression issues that need to be addressed in the Autumn when we are editing successful films in preparation for cinema exhibition.

To be considered for selection, entries must be received by the **application deadline: Monday 6th June 2022**

Entries should be marked for the attention of:

**Nola Fitzsimons, Moving Image Arts Specification Support Officer
Awards Entries 2022
CCEA
29 Clarendon Road
Clarendon Dock
