Support PowerPoint on Command Words

Following the release of the support document titled *Using Assessment Objectives* in April 2022, a follow-up PowerPoint is now available to help with preparing candidates in examination technique. It can be found under Support; Student Guidance tab within the GCSE Geography page.

It aims to help young people understand what the various command words in the GCSE Geography examination require them to do. This links in with the assessment objective/s being covered. It would take approximately 1 hour to deliver, if covered in full. It is laid out as a ready-to-use resource, with a starter, mid-point review and plenary. Past paper access is needed to complete the activities within the PowerPoint.
