

# Circular S/IF/36/24

May 2024

---

To: Examination Officers

For circulation to: Examination Officer, Head of Department for Music

---

## Music Listening Examinations (G9713, SMU31 & AMU31) Audio Track Information

To assist with the delivery of the GCSE, AS and A2 Listening Examinations a guidance document (“**2024 Audio Track Information**”) will be made available via the CCEA secure portal alongside the audio file for each examination.

Please download this guidance document with the audio file and store securely prior to the examination commencing. This should be made available to the Invigilator for the duration of the examination for reference only.

These documents outline the structure of the audio track for each examination, including time stamps for each question.

The audio file for each listening examination will play as **one continuous track**. All instructions to candidates are recorded and timed pauses are included on the track as normal.

There is no change to the conduct of the examinations.
