1. _____

_____ [2]

2. _____

_____ [2]

3 Sarah, aged 59, a manager in a Belfast health centre, has always been an active and sociable person. She recently developed a type of arthritis that can cause her a great deal of pain and negatively affects her mobility. Sarah has three adult children. Philip, her youngest son, has a learning disability. He lives locally in supported living accommodation where a team of social care staff help to look after the eight young adults with learning disabilities who live there.

(a) Explain **two** ways Sarah's ill-health could affect her psychological well-being.

1. _____

_____ [2]

2. _____

_____ [2]

[Turn over

- (c) Voluntary organisations have helped both Sarah and Philip. Sarah has been given information about her arthritis and Philip is living in supported living accommodation provided by a voluntary organisation.

Using examples, describe **two** other ways voluntary organisations contribute to health and well-being for people in Northern Ireland.

Example 1

[3]

Example 2

[3]

[Turn over

(d) Sarah worries that Philip has to cope with prejudice. Explain what is meant by the term prejudice.

[2]

(e) Describe **one** example of how young adults with learning disabilities can be discriminated against in a healthcare setting like a health centre or hospital.

[3]

(f) Describe **two** ways a manager in a healthcare setting can promote anti-discriminatory practice for service users with learning disabilities.
