

# Entry Level Home Economics Specification Addendum

## Exceptional Assessment Adaptations (for 2020–2021)

**This addendum should be used in conjunction with the current specification**

This addendum shows the units available for March 2021 and details where applicable:

- any temporary adaptations that have been made due to public health restrictions; and
- the reduced number of units CCEA will require for moderation.

**Please note: This applies only to candidates cashing-in at qualification level in March 2021**

### **Assessment Arrangements for candidates completing in 2021**

1. For candidates wishing to cash-in for an Entry Level qualification in March 2021, CCEA will require a reduced number of units for moderation as follows:
  - Centre delivers, enters and submits levels for 9 units as detailed in the specification: 3 mandatory units and 6 optional units. This may include work completed prior to 2020-21.
  - CCEA will moderate the **3 mandatory units**.
  - Units that have been previously awarded at unit level without a cash-in at qualification level will count towards the number of units required for moderation in March 2021.
  - The Entry Level qualification award will be based on all 9 units.
2. Unit level awards will still be available and moderated in the normal way.
