A2 Physics - Reserve Series 2022

A2 Grading Notes:
Alternative Grading - candidates may choose to avail of the omission and complete only the mandatory units.
Standard Grading - candidates may choose to complete all units.
Candidates that complete all units will be awarded the best grade through either Grading Route.
All candidates are graded out of the same uniform marks total.
Grade A* is only awarded at Subject Level.
To qualify for A* candidates must achieve an aggregation of 90% UMS, or more, across their A2 units.
UMS boundaries at Unit Level are stable for the lifetime of the specification and will not change.
Raw Mark boundaries at Unit Level are set independently in each examination series.
Using this series' Raw Mark boundaries to estimate future boundaries must be used with caution as they change.
