Teacher Notes: The days of the week

- Resource entitled '**The days of the week**' could be used by teachers as a matching activity with real pictures of events that happen on each day of the week. Learners could then identify the days of the week through the events which happen on particular days.
- Learners could use this resource to put the days of the week in order.
- This resource could be used as a card matching game by putting the name of the day of the week over the activity. Evidence the assessment criterion with pictures in the correct order.

Teacher Notes: Daily timetable

This resource could be used by teachers to teach pupils their daily timetable:

- The words above can be accompanied by pictures and a clock.
- The timetable can be repurposed in picture format accompanied with words, picture-only format or word-only format.
- Learners could use pictures with words to sort out events in a day.
- Learners could make up their own daily timetable using pictures
- Learners could use own pictures to accompany the words.
