Who is this document for?

This document is intended primarily for Examination Officers who will be registering users as the Head of Centre, Lead Teacher and Teacher within the CCEA electronic Candidate Record Sheet (eCRS) application.

The eCRS application allows those nominated as Teachers and Lead Teachers to enter marks in Candidate Record Sheets. Please note that those nominated as a Teachers will not have full access to all facilities. For example, those nominated as Teachers will not be able to validate or finally submit the marks and associated information. This must be carried out by a Lead Teacher.

The Lead Teacher will normally be a Head of Department or Head of Subject.

The Head of Centre is usually the Principal or Vice-Principal within the institution. They will receive copies of the centre report on moderation (TAC6).
