

Requirements for Using ICT

Across the curriculum, at a level appropriate to their ability, pupils should be enabled to develop skills in Using ICT.

Pupils should be provided with opportunities to develop knowledge and understanding of e-safety and acceptable online behaviour.

Pupils should be enabled to:

Explore

- » access, select, interpret and research information from safe and reliable sources;
- » investigate, make predictions and solve problems through interaction with digital tools.

Express

- » create, develop, present and publish ideas and information responsibly using a range of digital media and manipulate a range of assets to produce multimedia products.

Exchange

- » communicate safely and responsibly using a range of contemporary digital methods and tools, exchanging, sharing, collaborating and developing ideas digitally.

Evaluate

- » talk about, review and make improvements to work, reflecting on the process and outcome and consider the sources and resources used, including safety, reliability and acceptability.

Exhibit

- » manage and present their stored work and showcase their learning across the curriculum, using ICT safely and responsibly.
