

RESULTS DAY 2021 WHAT NEXT?

The Summer 2021 exam results are nearly here. Well done to our students for getting this far, after another challenging year.

Here are answers to some of the questions you might have when you receive your results.

? If I'm unhappy with my results, what can I do?

You should first speak to your school or college. They will advise you on your next steps and CCEA's free Post-Results Service.

Visit our dedicated Post-Results Service web area at www.ccea.org.uk/summer-2021/post-results-service to find out more.

CCEA's results helpline, **028 9026 1220**, will be open to students from Tuesday 10 August to Friday 20 August 2021. On A level results day, Tuesday 10 August, the helpline will be open from 8.30am. From Wednesday 11 August onwards, the helpline will be open 9am–5pm.

? I didn't get a place in my course of choice; what are my options?

If you are expecting A level results and the grade you receive isn't what you need to meet your university offer, don't worry – there are things you can do. You can:

- » speak to your school or college;
- » contact UCAS Track Service on www.ucas.com or UCAS/Exam Results Helpline on **0371 468 0468**; and
- » visit www.nidirect.gov.uk/news/help-and-support-students-and-parents-results-time.

? What else is on offer and where can I look for support?

You can contact the NI Direct Careers Service by calling **0300 200 7820** or through web chat at www.nidirect.gov.uk/contacts/careers-service

Northern Ireland's Universities and Further Education (FE) Colleges have launched a new initiative aimed at ensuring school leavers are made aware of the full range of higher education options available locally. More information is available at:

Queen's University Belfast website - www.qub.ac.uk/Study/Undergraduate/routes-to-university
Ulster University website - www.ulster.ac.uk/study/routes-to-university
