The policy has been 'screened out' for equality impact assessment.	<input checked="" type="checkbox"/>
If the decision is to subject the policy to an equality impact assessment, please provide details of the reasons.	
If the decision is not to conduct an equality impact assessment, please provide details of the reasons.	
<p>Taking into account the answers to the screen questions ie level of impact none in respect of all the categories, it has been concluded that there is no need to carry out an equality impact assessment. However, the policy will be kept under review.</p>	

Mitigation

If the decision is not to conduct an equality impact assessment you may consider mitigation to lessen the severity of any equality impact, or the introduction of an alternative policy to better promote equality of opportunity or good relations.

Timetabling and prioritising

If the policy has been 'screened in' for equality impact assessment, then please answer the following questions to determine its priority for timetabling the equality impact assessment.

On a scale of 1-3, with 1 being the lowest priority and 3 being the highest, assess the policy in terms of its priority for equality impact assessment.

Priority criterion	Rating (1-3)
Effect on equality of opportunity and good relations	
Social need	
Effect on people's daily lives	
Relevance to CCEA's functions	

The total rating score will be used to prioritise the policy in rank order with other policies screened in for equality impact assessment. This list of priorities will assist CCEA in timetabling.

Part 4: Monitoring

Where a policy has been amended or an alternative policy introduced, effective monitoring will help you identify any future adverse impact arising from the policy, which may lead to carrying out an equality impact assessment, as well as helping with future planning and policy development.
