

'Food Waste' Story

FICTION

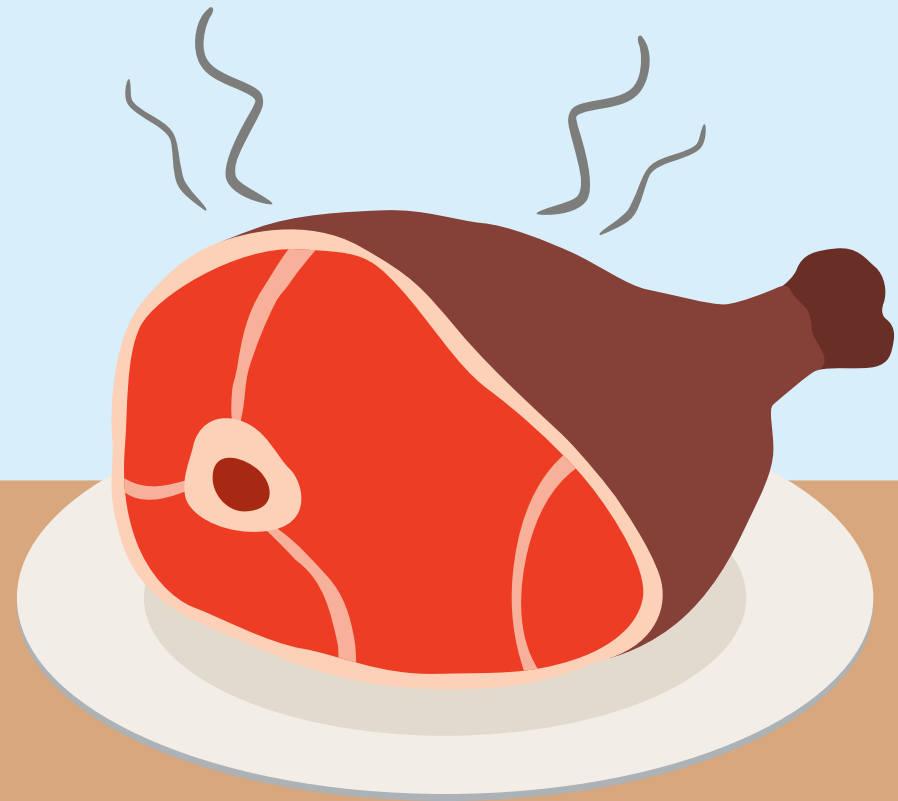

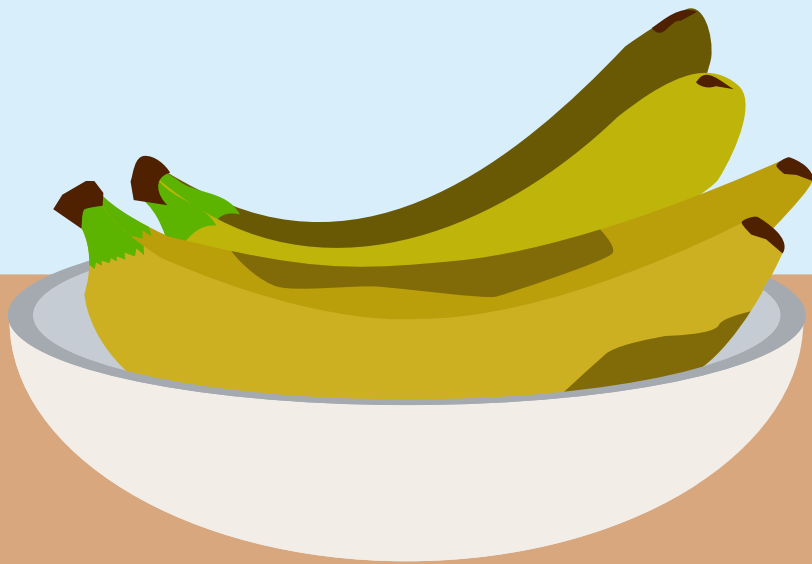

Rewarding Learning

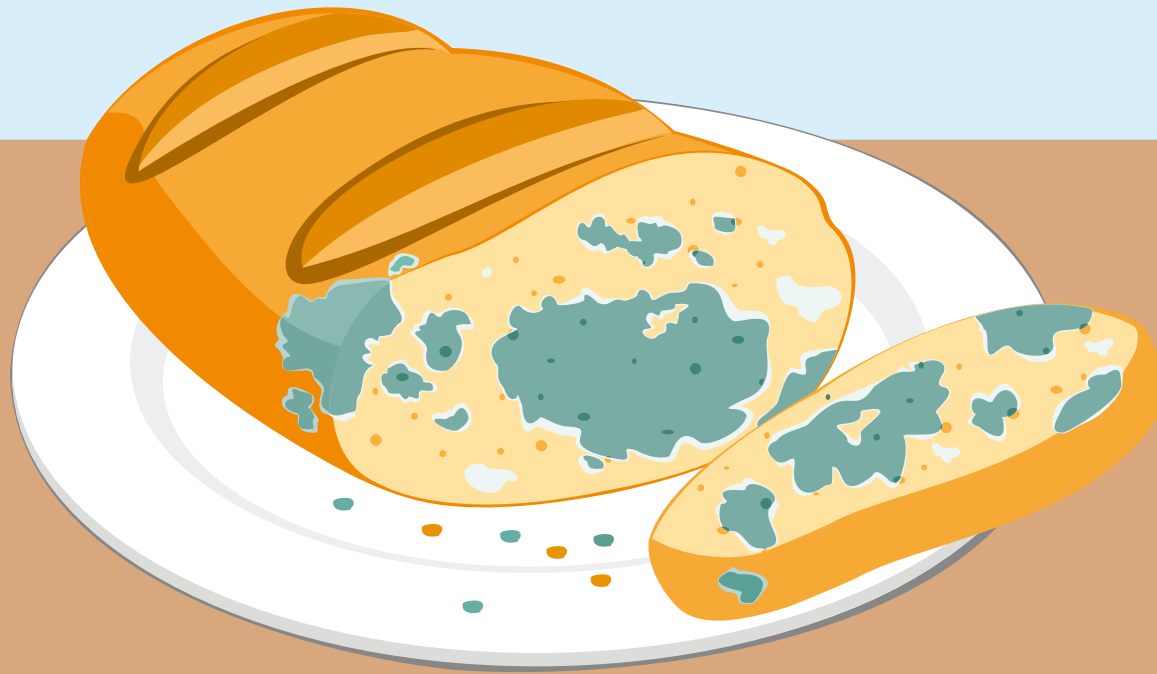

The family were hungry after returning from their holiday.
The first thing they did was look for something to eat.

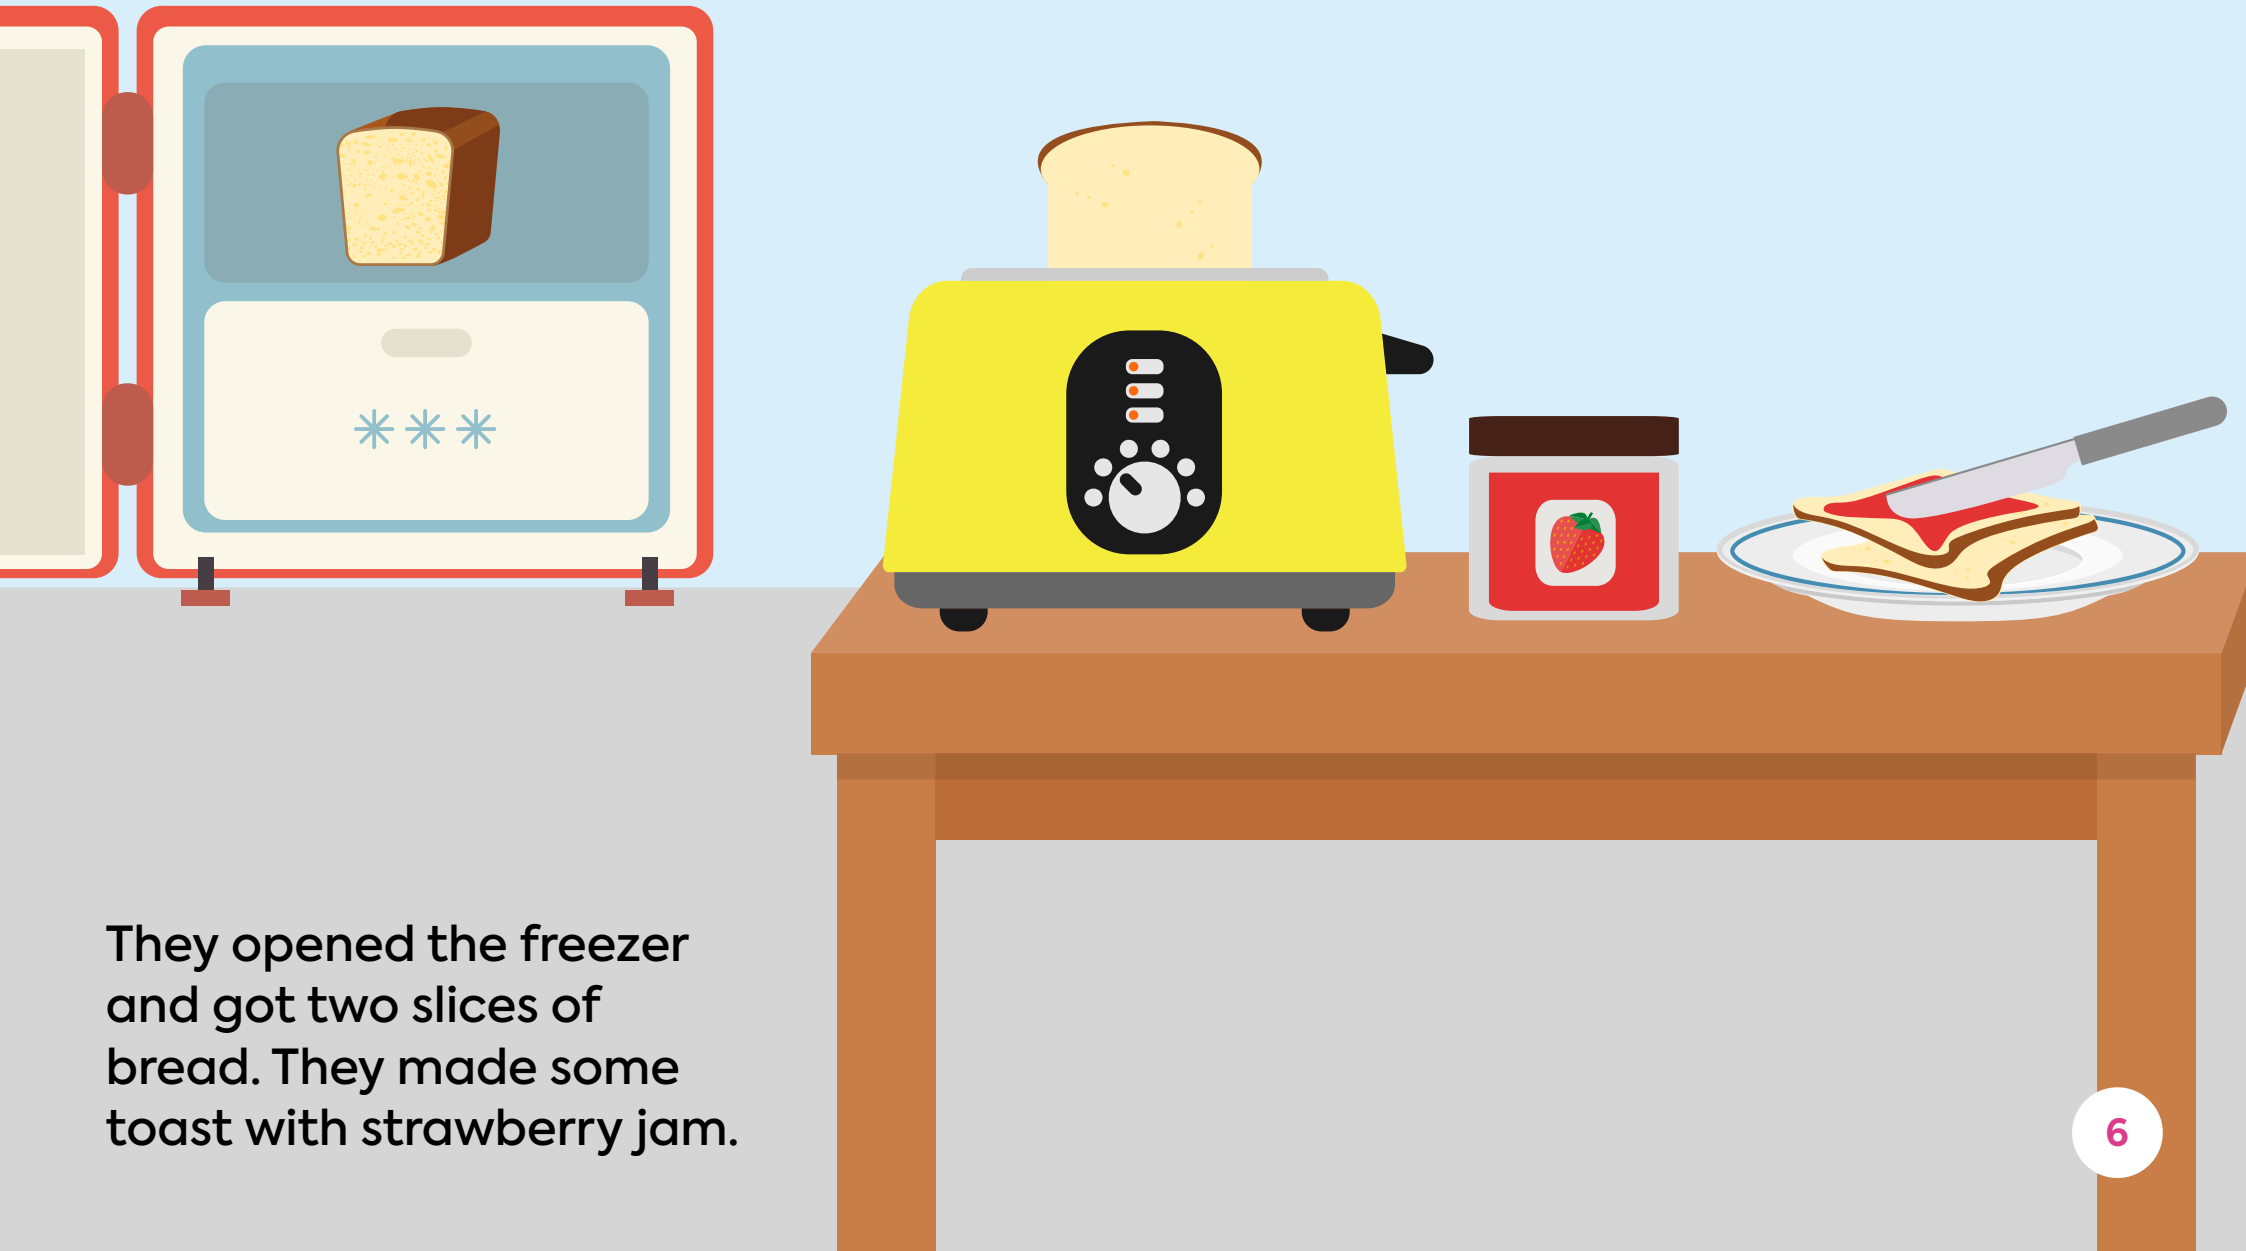

The bananas had turned black and the ham smelled bad.

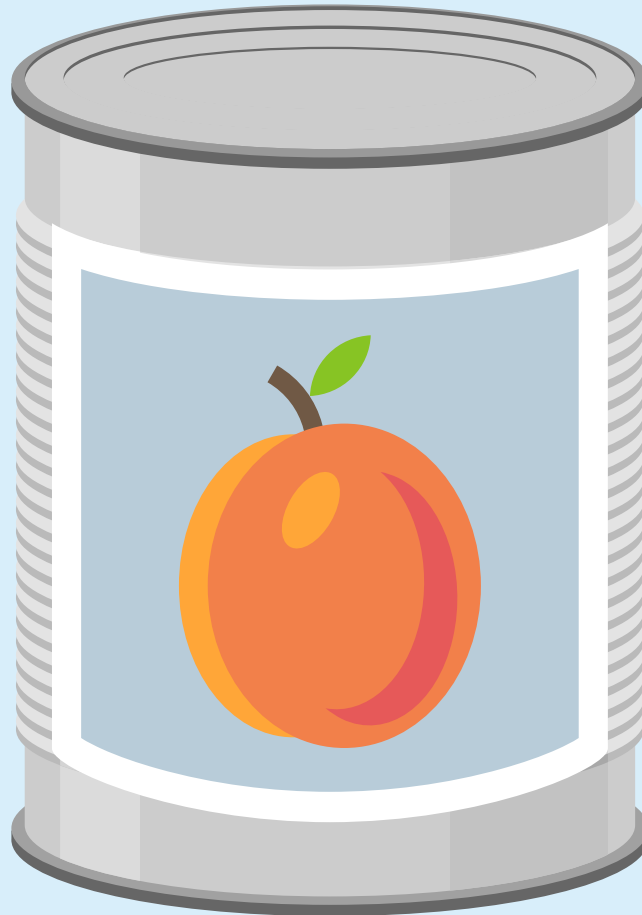

The bread was hard and was covered in something white and fuzzy.

The milk smelled sour and looked a bit like cream.

They opened the freezer and got two slices of bread. They made some toast with strawberry jam.

They opened some tinned peaches. Delicious!

The next thing they did was go to the supermarket to buy some more food!
