Send Me A Pic: Suggested Social Media Posts for Supporters

About Send Me A Pic

- *Send Me A Pic?* is a Thinkuknow resource addressing issues related to the consensual and non-consensual sharing of nude images among young people.
- *Send Me A Pic?* contains three session plans based on seven short film clips depicting fictional online chats. The chats show young people requesting, receiving and discussing issues related to the sharing of nude images.
- *Send Me A Pic?* aims to help young people to spot the signs of manipulative, pressurising and abusive behaviour and assists them in developing the skills, knowledge and confidence they need to identify risk online and access help when they need it.
- This resource is designed to be delivered through structured sessions delivered by professionals in schools, youth groups and other settings. In schools, it should be embedded in a progressive Personal, Social, Health and Economic (PSHE) education curriculum, as part of Relationships and Sex Education.
- *Send me a pic?* has been awarded the PSHE Association Quality Mark, demonstrating that it supports safe and effective teaching practice and meets the PSHE Association's 'Ten principles of effective PSHE education'.

Launch Day: 04/06/2020 - EMBARGO UNTIL 7am, Thursday 4 June
