

Congratulations!

you are now a Data Cat!

You know about the census and why
it is so important to complete it.

www.ccea.org.uk/census

What is the census?

The census asks questions to all grown-ups across the whole nation. It's really important! The answers help the Government plan what the country will need for the future.

The census happens once every 10 years. The next one will be in 2021, but our school is taking part in a very special rehearsal.

Be sure to get your parents, grandparents, aunts and uncles to fill in the census, it's really easy, you can do it online.

If we don't complete the census, we can't shape the future and that really would be a catastrophe!
