

Activity Card 10: Suspected Stroke: Recognising Signs and Symptoms

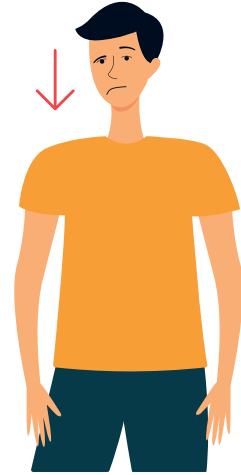

Matching and Sequencing activity

Write numbers 1-4 in each box to show the correct order of actions to take when you think someone may be having a stroke?

Speech

is their speech slurred or garbled?

Face

Is one eye or one side of their face drooping or their smile uneven?

Time

if the answer to any of the questions is yes, it's time to call 999.

Arm

Can they raise both arms to the same level?
