### Party Manifesto

EU4U?

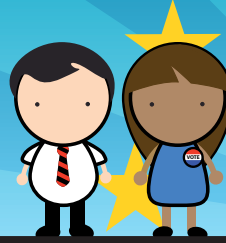

Your group is creating a new party to run for office in the upcoming European Election.

#### Points to consider:

1. On the party manifesto worksheet (Sheet 2 of this resource) you now must write down five issues about the EU and why you have chosen them. You must decide and set out why people should support your party.
2. Now that you have a party slogan and EU issues that your party feels strongly about, you must decide how you will campaign and get publicity for your issues. How will you get people to vote for you so that you will be able to do something about your issues once you are elected? What are your campaign strategies?
3. You must decide how you will present yourself during this campaign, remembering that people will be voting for YOU and your EU issues. What do you want people to see when they look at you? What is your image? What is your view of the EU? Is this an accurate or popular view?
