

**Finding the best  
way to do it,  
together**

**Working  
with Others**

1. What is the best way to complete this task?
2. Allow each member of the group to explain how they think it should be done and why.
3. Now, as a group, choose the two best ways.
4. How will you make a decision together?
5. Remember to take turns to speak and that everyone is allowed an opinion.
6. You can challenge each other's ideas and opinions as long as you have a good reason.
