

Key Stage 3 Using ICT

Pupil Cover Sheet: Working with Images

Scenario

Software

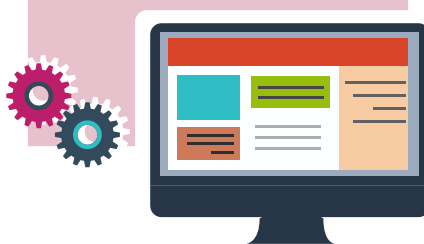

PLAN

Look at relevant examples of image products and identify what makes them effective. Use what you find to help you plan your own image product.

DO

With your plan as a guide, use the software tools and features to develop your ideas and create your image product.

REVIEW

Reflect on your work. Consider how well your image product fits your plan and how you could improve your use of ICT.
