

Key Stage 3 Using ICT

Pupil Cover Sheet: Working with Moving Images

Scenario

Software

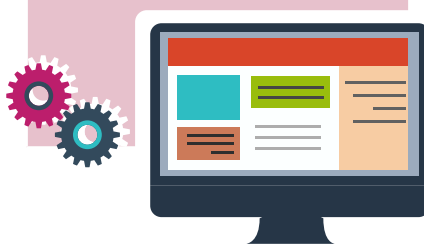

PLAN

Look at examples of moving image products and identify what makes them effective. Use what you find to help you plan your own moving image product.

DO

With your plan as a guide, use the software tools and features to develop your ideas and create your moving image product.

REVIEW

Reflect on your work. Consider how well your moving image product fits with your plan and how you could improve your use of ICT.
