

Key Stage 3 Using ICT

Pupil Cover Sheet: Working with Sound

Scenario

Software

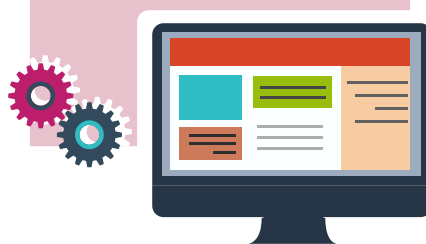

PLAN

Look at relevant examples of sound products and identify what makes them effective. Use what you find to help you plan your own sound product.

DO

With your plan as a guide, use the software tools and features to develop your ideas and create your sound product.

REVIEW

Reflect on your work. Consider how well your sound product fits with your plan and how you could improve your use of ICT.
