

## GCSE Construction - Summer 2023

Unit Level Uniform and Raw Mark Boundaries								
Unit	GCN1		GCN2		GCN3 - CA		GCN4 - CA	
Boundary	Raw	UMS	Raw	UMS	Raw	UMS	Raw	UMS
Max	80	80	120	120	100	100	100	100
a	63	64	90	96	78	80	83	80
b	55	59	76	88	70	73	74	73
c*	47	54	62	81	62	67	65	67
c	39	48	49	72	55	60	57	60
d	32	40	38	60	40	50	44	50
e	25	32	28	48	26	40	31	40
f	18	24	18	36	12	30	18	30
g	11	16	8	24	1	20	5	20

Subject Level Uniform Mark Boundaries		
Grading Route	Standard Grading	Alternative Grading
Max	400	320
A*	349	279
A	320	256
B	292	234
C*	268	214
C	240	192
D	200	160
E	160	128
F	120	96
G	80	64

Unit Level UMS boundaries are stable for the lifetime of the specification and do not change. However, the Raw Mark boundaries are set independently in each examination series.

If you are planning to use these Raw Mark boundaries to estimate future performance and grades, they must be used with caution, as they change each series.

Candidates cashing-in for the first time in Summer 2023 will be graded on all their performance across all units with the Standard Grading subject level boundaries applied.

Alternative Grading is only applicable to candidates retaking the qualification having previously cashed-in during the 2021/22 academic year.

Alternative Grading candidates will be awarded the best grade based on their performance across all units or in mandatory units only GCN2, GCN3 and GCN4.

Subject Level Uniform Mark boundaries (grades A to G) carry the same % weighting across both Grading Routes:

i.e. A 80%, B 73%, C\* 67%, C 60%, D 50%, E 40%, F 30% and G 20%.

A\* is only awarded at subject level and the A\* boundary is set independently in each examination series. The A\* UMS % weighting will be applied equally to both Grading Routes.
