

GCSE Digital Technology - Programming - Summer 2023

Unit Level Uniform and Raw Mark Boundaries						
Unit	GDG1		GDG4		GDG5 - CA	
	Raw	UMS	Raw	UMS	Raw	UMS
Max	90	90	120	120	60	90
a	63	72	82	96	47	72
b	55	66	70	88	37	66
c*	48	61	59	81	27	61
c	41	54	48	72	17	54
d	34	45	38	60	14	45
e	27	36	29	48	11	36
f	21	27	20	36	8	27
g	15	18	11	24	5	18

Subject Level Uniform Mark Boundaries		
Grading Route	Standard Grading	Alternative Grading
Max	300	210
A*	269	188
A	240	168
B	219	153
C*	201	141
C	180	126
D	150	105
E	120	84
F	90	63
G	60	42

Unit Level UMS boundaries are stable for the lifetime of the specification and do not change. However, the Raw Mark boundaries are set independently in each examination series.

If you are planning to use these Raw Mark boundaries to estimate future performance and grades, they must be used with caution, as they change each series.

Candidates cashing-in for the first time in Summer 2023 will be graded on all their performance across all units with the Standard Grading subject level boundaries applied.

Alternative Grading is only applicable to candidates retaking the qualification having previously cashed-in during the 2021/22 academic year.

Alternative Grading candidates will be awarded the best grade based on their performance across all units or in mandatory units only GDG4 and GDG5.

Subject Level Uniform Mark boundaries (grades A to G) carry the same % weighting across both Grading Routes:

i.e. A 80%, B 73%, C* 67%, C 60%, D 50%, E 40%, F 30% and G 20%.

A* is only awarded at subject level and the A* boundary is set independently in each examination series. The A* UMS % weighting will be applied equally to both Grading Routes.
