Background

As we approach Summer 2022 Results Days and with a return to familiar Post Results Services, this quick reference guidance is aimed at supporting you to manage results days and post results requests

Key Dates for Issue of Results to Candidates

Thursday 18 August 2022	GCE and CoPE results
Thursday 25 August 2022.	GCSE, Occupational Studies, Vocational Qualifications and OLA results
Thursday 1 September 2022 (provisional)	Reserve Series Results for GCE and GCSE

Management of Provisional Results

Provisional results are released to centres via CCEA's e-Results System, SIMS or EDI, in advance of results days on the strict understanding that the results files and their contents remain entirely confidential to the Head of Centre, examinations office staff and senior leaders within your centre.

You must review your C2K permissions in advance of the restricted release of results to ensure results are only accessible to approved personnel.

The results must not be dispatched by e-mail, post or otherwise until after **0800 hours** on the appropriate date for the publication of results.

A level and AS Results Available to Students Online

CCEA's A level and AS results will be available online to students whose schools have registered for this service. A student can access their A2 and AS results via a secure PIN that is managed by your Centre's Examination Officer. This service will be available to students from **8.00am on Thursday 18 August**.

CCEA cannot provide replacement PINs to students. Replacement PINs are only available via the centre's exams office.

Confusion often occurs when students attempt to access A2 results online using the PIN they received to access AS results in Summer 2021. It may be worthwhile to issue a message to students in advance of the issue of results that a PIN issued in 2021 for AS, will not provide access to A2 results in 2022.

This service is not available to reserve series candidates.

Centre Media Statements on Results

On results days, centres must not issue press releases or statements to the media under any circumstances:

- until after 9.30am; and
- before candidates have received their results.

Handling Media / Press Enquiries

In the lead-up to and on results day, CCEA will be providing information to the media. We will also continue to supply public information on our website.

Should you have any concerns about your centre's results, please contact CCEA immediately. To avoid misunderstanding which would be detrimental to all students, centres should exercise caution about publicly communicating their views before engaging with CCEA.

Understanding the Provisional Statements of Results in 2022

To accommodate alternative grading routes, the Provisional Statement of Results may look slightly different this year. Training has already been provided to centre staff on this change. There is also useful information available for you on our website at www.ccea.org.uk/results-information To support students with this, we have developed new information guides:

- [Understanding your GCSE Provisional Statement of Results in 2022](#)
- [Understanding your GCE Provisional Statement of Results in 2022](#)

These guides will be made available to your centre in advance of Results Days for distribution alongside candidates' provisional statements.

What grades are available?

On your Provisional Statement of Results you will see the normal sets of grades, letters, numbers and symbols used to denote a candidates outcome. The following table shows the grades available for each qualification.

GCE AS Level	A, B, C, D, E, U, X

What does Q/ X/ U Grade mean?

Q	means query. There may be circumstances when your results are incomplete because of a query over some or all of your results. If this is the case, a Q will be reported on your provisional statement of Results until the query is investigated and resolved. Once a query is resolved, you will be issued with an updated result.
X	means incomplete results. This could be because requirements of the specification have not been met, or a candidate was fully absent for all units/components within a qualification.
U	means ungraded. This means you have not reached the minimum standard required to achieve a grade in the qualification or have zero marks. This result will not be recorded on your certificate.

CCEA Results Helpline

The dedicated helpline for candidates, schools and colleges will be in operation from 9am until 5pm each day, commencing on Wednesday 17 August for centres only, and from Thursday 18 August to Friday 9 September for candidates, parents and centres. On GCE results day, Thursday 18 August, the helpline will open at 8.00am.

Post-Results Service – Summer 2022

The summer 2022 Post-Results Service will be available from 18 and 25 August for the respective qualifications.

For candidates with results from the reserve series Post-Results Service 1 and 2 will be available from 1 September – 29 September.

Please note service 2A will not be available to reserve series candidates.

Below is a service summary.

Service 1: Clerical re-check

A clerical re-check of a script and a statement of marks for the component/unit.

Service 2: Review of Marking by Component/Unit (i.e. by script/paper)

A review of marking of an externally assessed component (i.e. a script or other assessed item) for an individual candidate, including a clerical re-check and a breakdown of marks for that component/unit. A photocopy of the reviewed script will be available on request.

Service 2A: Priority Review of Marking by Component/Unit (i.e. by script/paper)

Priority review of marking of an externally assessed component/unit (i.e. a script or other assessed item) for an individual candidate, including a clerical re-check and breakdown of marks for that component/unit.

Candidates are advised to apply for this service only if a place in higher education is dependent on the outcome. We strongly recommend that centres request this service as soon as possible following the issue of results so that reviews can be completed in time to meet UCAS admissions deadlines. A photocopy of the reviewed script will be available on request.

Service 3: Review of Moderation of Centre Coursework/Controlled Assessment

A review of moderation of the centre's original coursework/controlled assessment sample for a centre assessed component, with feedback on the assessment of the candidate's work.

Access to Scripts Service – Access to candidate script in advance of a review of marking, or after the review period for the centre to use as a teaching and learning aide.

Please note, when requesting Access to Scripts, candidates should be aware that CCEA's quality assurance checks on scripts before dispatch, where an error is discovered, may result in a change of mark.

Marks may go up as well as down and candidates should be made aware of this before signing the request form.
