Notes (if applicable):

CCEA is currently developing Agreement Trial resources for this subject. The material will contain actual candidate response to coursework/Controlled Assessment. Teachers find these resources extremely valuable, as they assist them in preparing their candidates for future series of examinations.

We may use some of your coursework/Controlled Assessment to contribute to the documents which will appear in both print and online in PDF format on our website: www.ccea.org.uk

To assist us in this endeavour we need your permission to reproduce your coursework/Controlled Assessment.

I hereby grant CCEA non-exclusive permission to copy, distribute in material form, make available to the public electronically and deal with my work, named above, as part of the CCEA resources specified above.
