

## **City & Guilds response to Ofquals post QCF recognition audit report, March 2011**

City & Guilds is the UK's leading vocational awarding organisation for work-based qualifications, committed to offering high quality qualifications across a wide range of industrial sectors, through 8500 colleges and training providers worldwide.

City & Guilds welcomes the opportunity to respond to the report following Ofquals recent monitoring activity around the QCF regulations, and for Ofqual to see firsthand the investment City & Guilds has made regarding the QCF.

The monitoring visit was extremely positive, with constructive comments, support and advice coming from the monitoring team. This also gave City & Guilds the opportunity to discuss the new systems and processes that have been developed and implemented not only to meet the requirement of QCF, but to ensure the continuous improvement of our products and services.

City & Guilds has taken on board areas for improvement identified by Ofqual and has addressed these or has an action plan in place.
